Athani, Kagwad

EDUCATION

Secondary (X)
K.L.E Society's Smt. C.B.Ranamode School Athani
(CBSE board)
Year of completion: 2021

INTERNSHIPS

Head Machine Learning Developer And Artificial Intelligence Researcher.
Brainlox, Virtual
Aug 2021 - Present

I was allowed to work as AI and ML developer at Brainlox. In the initial stages, After some initial projects, I was also awarded some stipends and made head AI and ML developer.
My work included chatbots, data management projects, etc.

TRAININGS

Machine Learning
freecodecamp.org, Online
Apr 2021 - May 2021

The course consisted of many Machine learning fundamentals such as total hands-on on Tensorflow, Core Learning Algorithms, Neural Networks with TensorFlow, Deep Computer Vision, Natural Language Processing with RNNs, and Reinforcement Learning. I have successfully completed this course and got the certificate.

PROJECTS

Machine learning and Artificial Intllegence
May 2021 - Present
https://github.com/cyai

I have developed a series of Machine learning and AI projects which include Face and Smile Detection, Car and Pedestrian detections, Predicting the species of flowers by the dimensions factors, and Fashion product listing using Neural Network.

SKILLS

Python Advanced	**Ethical Hacking** Intermediate
Machine Learning Advanced	**Artifical Intelligence** Advanced
C++ Programming Advanced	**Java** Intermediate
Django Advanced	**Data Structures** Intermediate
Algorithms Intermediate
